

Skilling College of Paramedical Education

A Unit of Arogya Medical Education Trust, established in 2013

Reg.no E-29380

WHAT IS SCOPE?

SCOPE is a Paramedical Institute that redefines medical study by providing courses that exceed traditional methods. It offers a wide range of Degree, Diploma and Certificate courses in Paramedical Sciences.

Dr.S.M. Arora
Managing Trustee

VISION

To provide the world with skilled and equipped paramedical manpower trained to match the global standards

MISSION

To be established as a pioneer in healthcare education and create skilled manpower in healthcare by providing optimum education according to national and international standards

AIM

To create adept and competent paramedical professionals who can work towards the betterment of the healthcare sector

TESTIMONIALS

Shivani Manohar Khot
Radiology

"I received good education and training during my course. I also learnt machine handling and Radiology procedure preparation of patients with all safety measures. I am grateful and thankful to SCOPE."

Omkar Chavan
DMLT

"My name is Omkar and I got selected to work in Germany through SCOPE. Thanks to SCOPE I got well-trained in my soft as well as technical skills one of the best choices I made in my paramedical career."
